quicker than any other remedy-DR J. W. NELMS SAYS ATLANTA, Ga., August 14, 1803.

For the past two years I have used King's Royal Germetuer in my practice and with most satisfactory results. I have used it in Typhus, Typhold and Billous Fevers, and always with the speedlest and best effects. It lowers the temperature and hreaks up fevers of all kinds common to this latitude more expeditiously than any remody within my knowledge. From my own experience in its use, upon myself and others to whom I have recommended and administered it. I believe it would be a good remedy for Yellow Fever. It is a most excellent Antiseptic, cures Catarrh, Insomnia, Night Sweats and Eczema in all its forms. King's Royal Germetuer is emphatically a safe remedy and leaves no injurious effects in the system.
